## **STATUS OF OUR SOCIETY VHSC: REGISTERED OR NOT?**

In 2018 we had a VOTE on the question wether the status of our society VHSC should be changed from a registered society into a non-registered society. “Non-registered” would result in a less administrative workload for us. A majority of the VHSC Members gave their YES for the VHSC Committee to change the status of our VHSC from a registered society into a non-registered society.

On behalve of the VHSC Committee the VHSC Secretary visited the notary’s office, in order to make arrangements for realization of the VHSC Member’s vote. We proposed to liquidate the present registered society VHSC, and to found a new society, not registered, VHSC, at the same moment. The Dutch law does not forbid to liquidate a registered society, but does however forbid to found a society – registered or not – having the same, or looking the same, name as other societies, even liquidated ones, had. In fact there appears to be no way back for a society once registered. That would mean that even a new not registered society could not have “VHSC” in its name! That of course would not be acceptable for us. The name “VHSC” is wellknown in the field of QRQ-CW during nearly 60 years, our name should be kept alive!

The VHSC-Committee has decided to stop the efforts to change the status of our society VHSC, for the time being.  
So: all remains like it started in 1988, for the time being!

## **HSC CONTEST CHANGING!!**

Next year, 2020, there will be a change:

There will be only one contest period, i.e. 15-18 UTC. With this measure we want to overcome the QRM and overlap with other contests in the morning session. End of 2020 we will review the situation based on our experiences. You might have to adjust your loggers for this.

Tnx info - DK4LX

73 es KEEP ENJOYING QRQ!
