VHSC-Bulletin nr. 3, August 1982.

VHSC Rules. The VHSC Rules of May 1st, 1961 have been slightly changed and been matched to the take-over of the VHSC-Management by VERON, in accordance with PAoLXL. We send the new rules along with this bulletin.

VHSC-Committee. Since the foundation of VHSC in 1961 there was a VHSC-Committee, consisting of PAoLXL-Secretary, DL1XA-HSC President, DJ4KW-HSC Secretary and N9SW-VHSC-Secretary for W/VE.

DL1XA passed away and PAoLXL-DJ4KW-N9SW decided to resign as members of VHSC-Committee. We thank PAoLXL-Leo, DJ4KW-Gerd and N9SW-Gene for their 20 years-lasting Committee-Membership!

We are very pleased to announce the new VHSC-Committee:

PAoLOU	VHSC 4,	PAoLXL, VHSC 1, Honorary Member of the
DL6MK	VHSC 99, President of HSC.	VHSC-Committee and Advisor.
PAoDIN	for VERON, Secretary.	

VHSC-Quality. Some VHSC-Members expressed their anxiety over the VHSC-Quality, and ask for a proper maintenance of it. We will take all possible steps to maintain the VHSC-Quality. Very important, however, is the way of sponsoring!(At least 30 minutes and at least 40 wpm).

Inquiry. We held an inquiry among all VHSC-ers who were member on May 1st, 1981.

We asked:

- Have you been informed (by non VHSC-ers) about the intention of some amateurs to incorporate a VHSCe.V.?
- Have you been invited to attend the meeting at which VHSCe.V. was founded?
- Do you consider yourself bound by decisions that were reached at this meeting?
- Do you agree that action should be taken by the coordinator against any organisation violating the rights and position of our VHSC?

A vast majority of our VHSC-Members responded: "no" for questions 1,2 and 3. Almost all "yes" for question 4.

New Members. We welcome the following new members:

Call	VHSC	Name	Sponsors
PAoSOL	84	Bob	ON5ME - PAoLXL - YU2WJ - DF4KV
DK5CI	85	Gerald	YU2WJ - DJ6ZM - DL1BU - DF4KV

Secretary and coordinator: Traffic Manager VERON
D.J.Hoogma, PAODIN, Schoutstraat 15, 6525 XR Nijmegen, Netherlands.

Dear Member,

As of May 1st, 1961 the Very High Speed Club VHSC has been in existence on a world wide basis. The aim and activities of our VHSC have been comprised in a limited number of rules which were sent to all founding and new members of the club. Although the legal position of VHSC never has been associated with any national legal system the club should nevertheless be considered as an undeniable entity.

On July 4th, 1981 in Friedrichshafen, FRG, a number (12) of mainly German hams founded a society under FRG-law by the name of "Very High Speed Club e.V." (eingetragener Verein) which was registered in the Starnberg Country Court.

As present coordinator I consider the action taken at Friedrichshafen not according to the spirit of the VHSC as in existence since 1961.

Therefore I should like to receive your answer to the following questions:

- Have you been informed about the intention of some amateurs to incorporate a VHSCe.V. on July 4th, 1981: *Y/X heard some talk on the bands.*
- Have you been invited to attend the meeting at which VHSCe.V. was founded: *X/N.*
- Do you consider yourself bound by decisions that were reached at this meeting: *X/N.*
- Do you agree that action should be taken by the coordinator against any organisation violating the rights and position of the VHSC: *X/N.*

Your call: *G3KMQ*

Signature: *R.G. Heslop*
