VHSC-Bulletin nr. 4, March 1983.

The IARU Region I CW High Speed Contest will be held in Moscow this year. No further info available yet, but keep in touch with your IARU-liaison-officer.

HSC-Meeting. On 3rd April 1983 there will be the annual HSC-Meeting in Bidingen, near Frankfurt/M, FRG. VHSC-Members are very welcome as well. Your secretary, however, cannot be there, because of his birthday on 3rd April, hi. (For hotel etc, please contact DK9ZH).

QRS Year. The European Telegraphy Association, from which VHSC is a member, organises the Year Of The Novice CW Operator, from 1st June 1983 until 31st May 1984. So, dear friends, make some QRS-QSO's (say 8 wpm or so) weekly, we all started at QRS! Help the novice operators to enjoy CW!

VHSC-Quality. Several VHSC-Members agreed with our statement on VHSC-Quality in VHSC-Bulletin nr. 3. Please be careful with your sponsoring, calibrate your keyer for 40 wpm and please mention the duration of the sponsor-QSO on your QSL!
