- We now have 3 VHSC-YL's: DJ9SB, Rena, EA2AEK, Merche, and HA1XH, Ildiko!
- DL4BBO and DL6FBL in August 1984 activated 4U1ITU and made over 4000 CW-QSO's!
- LA4DCA was active in Poland with call SO4DCA in May 1984!
- DL6MK, VHSC 99, is the new EUCW-Manager!

A sad story: In VHSC-Bulletin nr. 6 we announced as a new VHSC-Member: YU7DX, VHSC 147. After that, we received declarations of the 4 sponsors, that they did not sponsor VHSC 147, and that the QSL's had to be forged. We asked VHSC 147 to send his sponsor-QSL's for second inspection. We asked 3 times by registered mail. We did not receive the cards. The VHSC-Committee then decided to delete VHSC 147 as a VHSC-Member, according to VHSC-Rule 7.

Dear friends: pse be very careful with your sponsoring: include details, f.i. duration of the QSO, exact QRG, add personal remarks, or send your sponsor-card direct to PAoDIN.

YU7DX also has been deleted from the records of YUCWK.

European CW Meeting 1985: On 6 and 7 april 1985 the European CW Meeting will take place in Bldingen, near Frankfurt a.M., FRG. It is a yearly meeting for all CW-Hams, with eye-ball QSO's, the German Telegraphy Championship from DARC and a lecture from DL1BU, VHSC 81. Last year 29 VHSC-Members attended this event. Of course most of the VHSC-Members are, due to various circumstances, not in a situation to visit this meeting, but if you, in any case, have the opportunity to come along, you will not be disappointed!

VHSC-Bulletin. Since your present VHSC-Secretary started his work in 1981, 109 new VHSC-Members have been registered. To mail the VHSC-Bulletin for the present 170 VHSC-Members means a heavy load for the small-size VHSC-Budget! So your VHSC-Secretary is looking for a way to reduce the costs of postage. Please send your suggestions (via QSL-Buro? combined mailing?) to PAoDIN.

The so-called "VHSCe.V.". You may remember what we wrote in VHSC-Bulletins nrs 1, 2 and 3. The actions violating the hamspirit did not stop. In June 1983 the people of "VHSCe.V." wrote a letter to the Royal Dutch Embassy in Bonn, FRG, accusing me of "cheating amateurs" and of "illegal use of name and emblem of the VHSC". Moreover they wrote that "the foundation of VHSC in 1961 is not true", that the list of our VHSC-Members "is a falsification" and that I am "not the VHSC-Secretary". Finally they protest against my "deceitful and fraudulent misuse of name and emblem of VHSC".

In their "magazine", HSCe.V. Info 3/1983 they described me as a "cheater". If I did not already send copies of these papers (German language) to you, pse let me know and I will send them to you. (pse 1 IRC).

HSC-Contests. OM, let also your call be heard during these fine contests!
